LONDON LIBRARY,
ST JAMES'S SQUARE, S.W.

THE LIBRARY offers to its Members over 250,000 volumes selected from the literature of all countries, including a large proportion of old and valuable Works not supplied by ordinary Circulating Libraries.

Additions are continually made, both of the standard Works of the day and of older and rarer Books.

Fifteen volumes at a time are allowed to Country Members; Ten to residents in London. The annual subscription is 3 guineas, and there is an entrance fee of one guinea. The composition for life membership varies according to age. For every extra pound per annum, an additional number of Volumes may be had at the rate of five Volumes at one time of old Works, or the supply by the purchase of another copy of any new Work (*provided it is already in the Library*).

Fourteen days are allowed for the perusal of new Books (*i.e.* Books published within the last twelve months), and two months for Books of older date.

The Reading Rooms, which are open daily from Ten to Half-past Six, are furnished with Dictionaries and Encyclopædias, English and Foreign Periodicals, and a selection of new Books for use in the rooms only.

The Library is closed three days at Easter and three days at Christmas, on Whit-Monday and August Bank Holiday.

Subscribers are admitted on the recommendation of a Member, subject to the approval of the Committee.

A Subject Index of the Library was issued at the end of 1909, and may be purchased by Members for 25s.

C. T. HAGBERG WRIGHT,
Secretary and Librarian.

1913.

NOTE.—t17A & 18A b. in 1v, w. sep. suppl^s. 17B & 18B. t31A & 31B have cont. pagination. t31A, issued in 1903, has date of publ. 1906. t0–35 are reprod. in facsimile from the editions of Mansi (t1–31A) & of Coleti (t31B–35); the volumes from the 36th are not reproductions. The "Amplissima coll." was publ. at Florence & Venice, 1758–98. Mansi died in 1769, after the publ. of t14. The issue of t31A, the final vol. of the original collection, brought the work down to the Council of Florence, 1439. The fall of Venice & other political events prevented the continuation of the Collection
The plan of the present work is as follows:—
t1–31A, a reproduction of Mansi, to be completed in 1906; facsimile.
t31B–34, a supplement to the above, from Labbeus & Cossartius (ed. of Coleti), bringing the work down to 1727; facsimile.
t35, a reproduction of parts of the "Supplementum ad collect. concil." (v. 1748–53) of Mansi, not included by him in the "Amplissima coll."; facsimile.
t36–47, see list above.
